

BE STILL AWHILE

Lyrics and Music:
Rev. Koshin Schomberg

Be still awhile, be still and wait,
Beneath the whirl of love and hate,
Beneath the thoughts of good and ill--
Drop down beneath where all is still.

For all eternity I wait:
Come now: it never is too late.
Be still awhile; let go of fear--
Be still and know that I am here.

You wandered, lost, through catacombs
Of ignorance. How far you roamed
In search of Me. Now searching stay--
I have been with you all the way.

Be still awhile and hear My Voice;
Be still and let your heart rejoice.
Be still and listen: it *is* true--
Forever I am *all* of you.
